Remarks:

1. For schools where only 0-2 students have exchanged in recent semesters, averages were used in calculations to ensure individual student's CGA privacy:

 - b) Past Average – Average CGA from either 2014/15 and / or 2015/16 and / or other years.
 - c) New and / or Existing Partner – Average CGA of B or B- is set for relatively new or existing partners where none or only a few students have been exchanged.
